SAFETY PRECAUTIONS

Please consider taking the time to read the safety precautions and follow the rules within this booklet. Operation in observances of this game manual will lead to greater personal satisfaction over a long period of time.

1. For safety: Avoid subjecting this high precision game pack to extreme pressure or incredible temperatures. Never hit or drop it. Do not disassemble.
2. DO avoid touching terminal contacts with fingers, clothing, eyes, hair, or wetness.
3. Use of some cleaning agents can damage the game pack.
4. For best results play at high volume and sit very close to the Television.
5. Pause for exactly 8 seconds every 17 minutes — this will extend the life of your gameplay experience somewhat.

* Please note **NES Space Raft** uses new programming techniques which may cause graphical errors around the top or the middle of some television screens. This is not a defect. It is merely a side effect of using these new programming techniques.

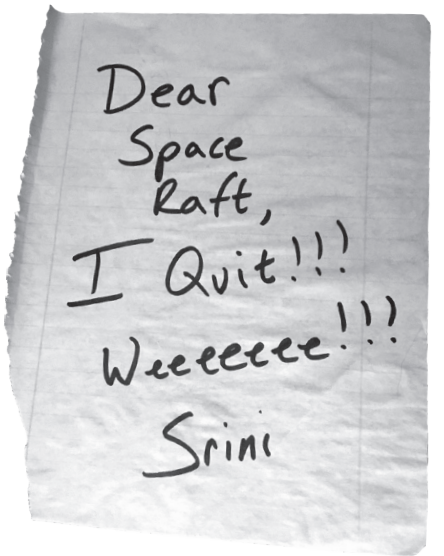
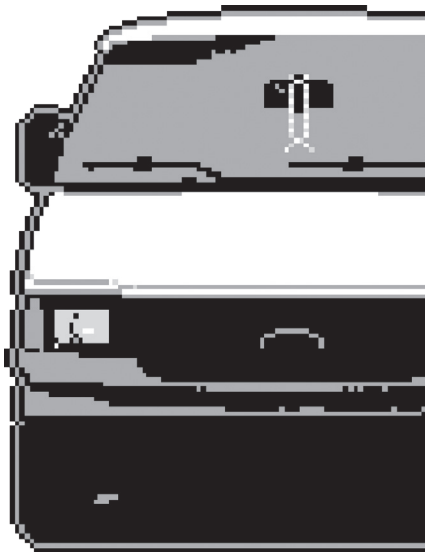
LETTER FROM SRINI





Space Raft is divided between driving and space rafting. Either drive the van or control your selected member through the series of trials. Collect the sandwiches so you can tell your friends.

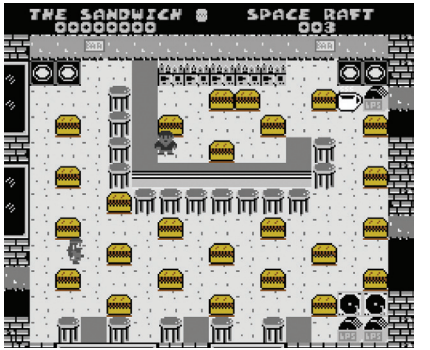
- The game may have a villain, beware of the villain if the game has one.

HOW TO ACTION

A) Use the **(B) button** to fire a musical bolt from the van or launch a special rock attack from a member of Space Raft. Some areas only specific members may go.

B) Decide which rock attack is best for your situation and make a strategic mental note to succeed.

HOW TO ROCK



A) Use the **(A) button** to select the available members of Space Raft. Change between them freely and use them wisely.

B) Eat the sandwiches, everybody is hungry, you are hungry. Eat the sandwiches.

C) Collect the Space Raft records to increase your Space Raft meter, the more Space Raft records the more changes you will have to keep rocking.

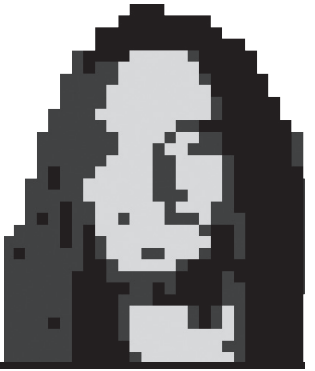
BOWLING TIPS FROM TJAY

"As any bowler knows things can change depending on the pair you're at on any given night. Well that and your overall mood at the time I suppose. But if you're part of the almost extinct breed of full rollers perhaps these tips, if that's what you want to call them, will serve you well. I prefer a 4 step approach and start my night with my feet at board 12 and fix my target around board 6, just inside that first arrow. Like to keep my ball speed right around 15.5 mph. If it hits, I stay. If not it's as simple as miss left, move left, miss right move right, generally a board or two at a time but keep your target the same. More to this but I'm afraid that's all the time I have for now."



IN THE GROOVES WITH JON — TOP 10 WISCONSIN 60's / 70's 45's

Grassfire "*Aunt Morley's Wheatcakes" b/w "Smell Of Insense"* (1969, Steamboat, Superior)

"Aunt Morley's" is maybe the poppiest psych record to come out of Wisconsin. If **Space Raft** were to cover any songs on this list, it would be ***this*** one.

Fat Bruce "*Got To Get It" b/w "Nest In The Fallen Tree"* (1971, Brewtown, Milwaukee)

Rumor has it, this band did a lot of **Cream** & **Deep Purple** covers - and that makes *total sense*. Lots of organ, rippin guitar. Love it.

The Ethics "*(A Whole Lot Of) Confusion" b/w "Out Of My Mind"* (1967, Dynamic Sound, Milwaukee)

If **Count Five** & **Monks** joined forces, *this* is what it would sound like. One the best garage singles to come out of Wisconsin, hands down.

Rasputin "*Remember The Good Times" b/w "I Just Can't Hide The Feeling"* (1972, Page, Milwaukee)

Almost metal, almost glam - and even the **rock flute** can't hinder this from rockin.

Bungi "*Six Days On The Road" b/w "Numbers"* (1972, Earthquake, Madison)

First off, Bungi is slang for marijuana, so you know this band is gonna rip. The A side is a pretty alright take on a Paul Davis tune that's been done a million times before, Numbers is where it's at, heavy stoner rock at its finest

Loyal Opposition "*Telling Lies" b/w "Love Has Come Your Way"* (1969, Target, Sheboygan)

This is a fun one, it has it all - lead guitar throughout, driving organ and fake British accents to boot.

The Ladds "*I Found The Girl" b/w "Survival"* (1968, UA, La Crosse)

The B-Side is the star on this one. Non-stop crunchy, wah wah blasting, ear-piercing *lead guitaring* rock n roll

Sir Richard & The Knights "*Never Happened That Way" b/w "Buzzy"* (1974, American, Rice Lake)

It only took 10 years after the **Beatles** for Wisconsin to produce a pretty spot on *Beatlesque* tune with *"Buzzy"*.

The Shag "*Stop And Listen" b/w "Melissa"* (1967, Capitol, Milwaukee)

Arguably the best garage 45 to come out of Wisconsin. Perfect vocals, fuzz & a beat that just makes you wanna dance.

Creme Soda "*(I'm) Chewin' Gum" b/w "Roses All Around"* (1969, Trinity, Superior)

If you didn't know better upon first listen, you might think *"Chewin"* is the best **Oblivians** song you've ever heard. That's really all you need to know.

JORDAN'S FAMILY HOT CHICKEN WING RECIPE

- **2 lbs** Chicken wings (detipped, separated)
- **3 liters** of Louisiana h0t sauce (yeh)
- **1 lb** Butter (quartered)
- **17** Cloves of garlic (chopped)
- **1** Bunch celery (sliced into sticks)
- **2** Small potato (peeled, halved)
- **2** Cups basmati rice (cooked)
- Bleu cheese (dressing)

* You have to be a little crazy to eat this.It will make your house and clothes smell like vinegar, and you'll probably cry...but it's worth it because your tears will taste like vinegar too.

The Sauce

- In a large Sauce pot, empty three liters of louisiana hot sauce into the pot
- Add butter, Garlic, potatoes and simmer on lowest setting for **3-4 hours** until sauce is reduced by **2/3rds**
- Remove potatoes from sauce and discard (this helps remove some SODIUM)
- Let sauce stand

The Chicken

- Grill chicken wings over flame on both sides until outside is crisp
- Line a baking dish with grilled wings in rows, add extra layers as needed
- Fill the dish with sauce to cover wings

The Chicken

- Cover dish with airtight plastic wrap and seal with aluminum foil or tight lid
- Place in preheated oven at **350 degrees** for **1.5-2 hours** or until sauce has absorbed through chicken. *(also works with slow cooker)*

Serve: with Rice, celery sticks and bleu cheese
