

INSTRUCTIONS

Maneuver through the passages and try to find a way out. Be careful though, not all good things lie beyond closed doors. Welcome to the...

HALLWAY

Controls

Directional Pad – 4 directional movement (Up, Down, Left, Right)

Select – Restart the game

Start – Continue through cutscene

Notes

Pay attention to your compass. It shows you which way you are oriented in each room.

To move to the next screen, move the cursor through the **white** N/W/S/E icons found at the top, bottom, and sides of the screen.

Entering haunted ("monster") hallways on the second floor will result in a game over.

Pay close attention to audio and visual cues. They will indicate if you are close to one of the haunted hallways.
