

INSTRUCTIONS FOR THE WEAK

DETECTIVE NOSFERATU

Look for the Transfatylvanian seal of somewhat presentable on every PewKo Game. It means nothing but it looks cool. Thanks for buying this crap. The more games you buy the more games we're forced to make. Our boss really sucks. So does Transfatylvania, this place kind of blows. Anyhoo, please read these instructions carefully. All you need to know is in here. Even a walrus with a cactus up its ass can figure this out. Enjoy the game. And please stop emailing us stupid questions.
