Warning: Do not use with front or rear projecting T.V. Do not use a front or rear projection television with your Nintendo Entertainment System® ("NES") and this video game. Your projection television screen may be permanently damaged if video games with stationary scenes or patterns are played on your projection television.

Similar damage may occur if you place a video game on hold or pause. If you use your projection television with this video game, m8sibit games will not be liable for any damage.

**Powered by**

This situation is not caused by a defect in the NES or this game; other fixed or repetitive images may cause similar damage to a projection television. Please contact your T.V. manufacturer for further information.

**Thank you** for downloading m8sibit games' **Life 9: The Journey**, Byte-Off VI Demo for your Nintendo Entertainment System. For maximum enjoyment, please read this instruction manual thoroughly before playing

# Story

Kitty kitty escaped from a lab owned by a mad scientist called DR. Damdna Live. With her new friends she took an aeroplane and flew toward

The setting sun...

Time passed and the symbiosis between rats and a cat endured.

One day a miracle of life happened!

**AND NO !**

Shame on you! Rats did not play any part in that.

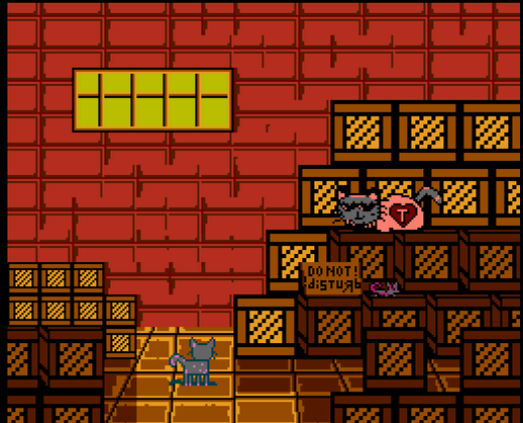

Taimi Kitty grew up and became a teenager kitty. One morning, just like so many before, her mom, Kitty Kitty, was already heading out.

*"I'm going to visit Grand Kitty,"* she said casually, barely pausing at the door. *"I won't be long."*

*Taimi didn't even look up.*  
*"Yeah. Sure. Whatever."*

*"Nothing ever changes,"* she muttered, flicking her tail against the cushions.

Meanwhile...  
in secret lab

FOOLS! I planted control chips inside lab rats.

**BWAHAHAHA!**

RATCONTROL 2000™  
**ACTIVATED**

*"Must... Bring... Kitty... To... Master..."*

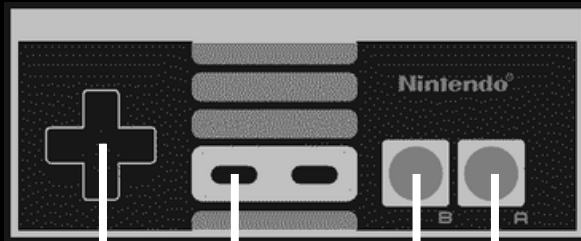

Insert the **Life 9: The Journey** Game Pak in the NES Control Deck and turn the power on. The m8sibit logo will appear on the screen and the opening cinematic will start to play.

Be sure to follow up the story of Kitty Kitty, Taimi Kitty and their rat friends. In case you want to head straight to the game you can skip the opening by pressing A + START

After the opening sequence you are brought to the title screen. Here you can browse the full soundtrack of the game by pressing UP/DOWN on the Gamepad. Press START to begin your journey.

# Controls

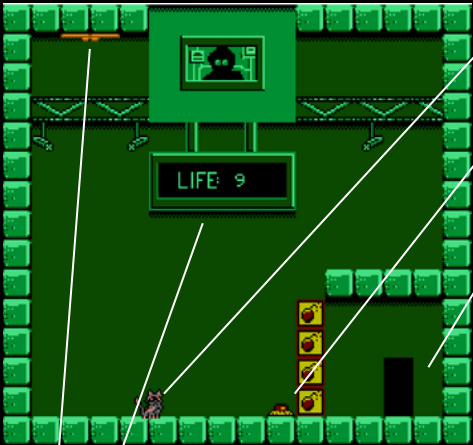

Move

Suicide

Grab

Jump

This is you, Taimi Kitty. See control instructions on the previous page

These two work together. Whenever something touches the switch all the bombs will explode! BOOM!

Every test chamber has an exit. Press UP to enter.

If you ever find one of these boxes you can carry them everywhere by pressing B.

The hatch can deliver you boxes. And boy! Do cats love boxes!

LIFE: 9

Cats have 9 lives. That's nine times more than you!

Watch out! They will hurt you

Special lab equipment that makes cats and rats defy the laws of gravity. Interestingly boxes defy it and are fully unaffected.

Ever wanted to eat a sandwich without hands? No problem! It's now possible with this new **Hands-Free sandwich harness™** Available only for a limited time! From Damdna Ltd.
